DETAILED ACTION

1. This Office Action is a response to communications dated 08/10/04 and 06/24/04.

Claims 1-14, 22-45 are pending in the application.

Allowable Subject Matter

2. Claims 1-15, 22-45 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record, considered individually or in combination fails to fairly show or suggest the claimed invention of base claims 1, 12, 22, 29, 35 and 36 comprising, among other limitations, a novel and unobvious limitation of a control circuitry coupled with the buffer and configured to generate a plurality of packets having different amount of communication data received from the buffer without introducing interruptions in the speech samples by switching among buffers, structurally and functionally interconnected with other limitations in a manner as recited in the claims. Dependent claims 2-11, 13-14, 23-28, 30-34 and 37-45 further limit base claims 1, 12, 22, 29 and 36, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

NEW CENTRAL FAX NUMBER

Effective July 15, 2005

On July 15, 2005, the Central FAX Number will change to **571-273-8300**. This new Central FAX Number is the result of relocating the Central FAX server to the Office's Alexandria, Virginia campus.

Most facsimile-transmitted patent application related correspondence is required to be sent to the Central FAX Number. To give customers time to adjust to the new Central FAX Number, faxes sent to the old number (703-872-9306) will be routed to the new number until September 15, 2005. After September 15, 2005, the old number will no longer be in service and **571-273-8300** will be the only facsimile number recognized for "centralized delivery".

CENTRALIZED DELIVERY POLICY: For patent related correspondence, hand carry deliveries must be made to the Customer Service Window (now located at the Randolph Building, 401 Dulany Street, Alexandria, VA 22314), and facsimile transmissions must be sent to the Central FAX number, unless an exception applies. For example, if the examiner has rejected claims in a regular U.S. patent application, and the reply to the examiner's Office action is desired to be transmitted by facsimile rather than mailed, the reply must be sent to the Central FAX Number.
